# INDIAN ARMY YEARLY REVIEW 2021

## Swarnim Vijay Varsh:

- To commemorate 50 Glorious Years of the 1971 War and the creation of a new state, Bangladesh, Swarnim Vijay Varsh was celebrated all across the country. On 3rd December 1971, Pakistan launched unprovoked surprise air attacks on several Western sector airbases.
- On 16 December 1971, nearly 93,000 Pakistani military and government officials, led by Lt Gen. A.A.K. Niazi, commander of East Pakistan, surrendered before the Indian Army, ending the war that began on 3 December. This was the largest surrender by an army since World War II.

## Swarnim Vijay Varsh: War Hero's

- In fact, the four Param Vir Chakras awarded for the 1971 war went to Flying Officer Nirmal Jit Singh Sekhon, Major Hoshiar Singh, Lance Naik Albert Ekka, and Second Lieutenant Arun Khetarpal, who fought in the western sector & Ekka in the eastern sector.

- **Lt Colonel Zahir** has been conferred with the Padma Shri, one of the highest civilian awards in India, in recognition of his sacrifices and contribution to India's success in the 1971 war against Pakistan that led to the creation of Bangladesh.

## Swarnim Vijay Varsha: Generals of India in 1971 War

- Sardarilal Mathradas Nanda was an Indian Navy admiral during the War of 1971. Sam Hormusji Framji Jamshedji Manekshaw was the Chief of the Army Staff of the Indian Army during the War of 1971.

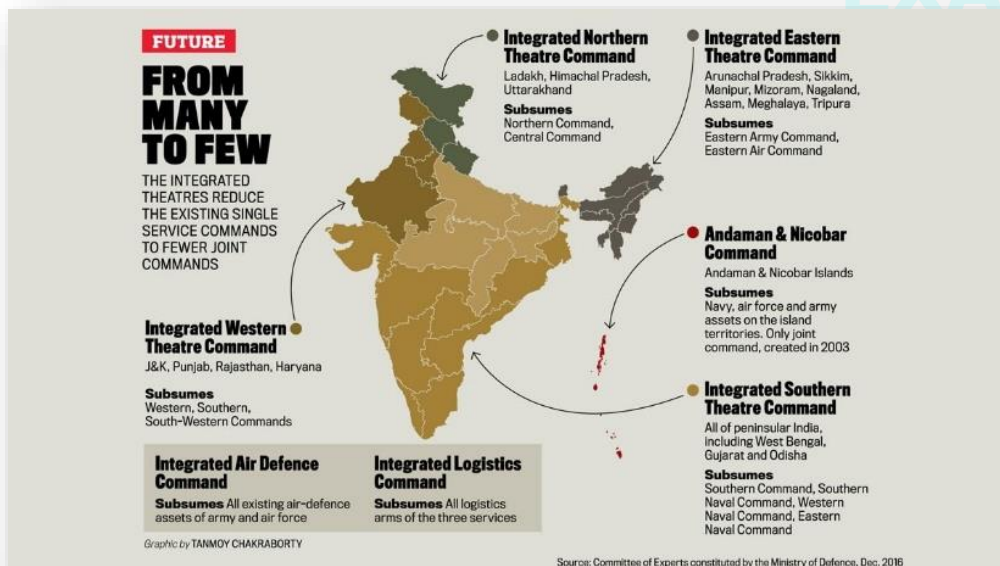

## Implementation Of Jointness Among Three Services

- Studies on tailor-made Theatre Commands are progressing satisfactorily to enhance jointness and integration amongst the three Services.

- The integrated maritime theatre command (MTC), air defense command (ADC), and two land-based commands for Pakistan and China will all take concrete shape.
- The western theatre command (WTC) will have its headquarters at Jaipur, while the MTC will come up in Karwar. The eastern theatre command (ETC) will be based either at Kolkata or Lucknow, with the ADC at Gandhinagar or Allahabad.
- At present, India has as many as 17 single-service commands (Army 7, IAF 7, and Navy 3), which have very little synergy in planning and operations.
