- In order to join the 27-member EU bloc, the three countries will be required to carry out a series of political and economic reforms.

## US Senate Passes Gun Control Bill

- In US, the Senate has passed a Gun Control Bill, which is being considered the most significant firearms legislation in nearly 30 years.

- The bill is also significant because it is the first time in decades that proposed reforms have received this level of support from both Democrats and Republicans.
- It follows mass shootings last month at a supermarket in Buffalo, New York, and a primary school in Uvalde, Texas that left a combined 31 people dead. Meanwhile, the National Rifle Association (NRA) has opposed the bill and argued that it will not stop the violence.
