Nepal Extends Import Ban On Goods Till August End

- In Nepal, the government has extended an 81-day-old import ban on 10 types of goods till the end of August, citing a lack of improvement in the country's foreign currency reserves.
- As per the notice published in Nepal Gazette yesterday, cell phones priced over 300 dollars and motorcycles with an engine capacity of over 150 ccs shall be barred entry till the 30th of August along with liquor, tobacco products, diamond, color TV sets larger than 32 inches, jeeps, cars and vans, dolls, playing cards, and snacks. The government notice said the ban is enforced to safeguard the external financial position and balance of payments in order to forestall any imminent threat to the economy.

- According to media reports, the ban, first imposed in late April, should have run till mid-July, when the current fiscal year ended.
- Nepal Rastra Bank in a statement said, as of the first 11 months of the 2021-22 fiscal year that ended on Saturday, Nepal's forex reserves had decreased 19.6 percent to 9.45 billion dollars from 11.75 billion dollars in mid-July 2021.
- However, the central bank data also show that there had been a slight improvement in the inflow of remittances, the largest source of forex earnings for Nepal, during the same period. Farmers across the country are facing shortages of chemical fertilizers and inflation is also rising to double digits.

Ghana Confirms First 2 Cases Of Deadly Marburg Virus

- In Ghana, the government has confirmed its first two cases of the deadly Marburg virus. It is a highly infectious disease in the same family as the virus that causes Ebola.
- In a statement, the government said, both patients died recently in hospital in the southern Ashanti region.
- Their samples came back positive earlier this month and have now been verified by a laboratory in Senegal. Health officials in the West African nation said, 98 people are now under quarantine as suspected contact cases.
- According to media reports, no treatment yet exists for Marburg. However, doctors said that drinking plenty of water and treating specific symptoms improve a patient's chances of survival.
- The virus is transmitted to people from fruit bats and spreads between humans through the transmission of bodily fluids.
- It is a severe, often fatal illness with symptoms including headache, fever, muscle pains, vomiting blood, and bleeding. Officials are warning people to keep

away from caves and to thoroughly cook all meat products before consuming them.
