DG of Resettlement Inks MoU With Private Sector

- Directorate General Resettlement under Department of Ex-Servicemen Welfare, Ministry of Defence signed a MoU with IBM to engage ex-servicemen and to facilitate their seamless integration into the civilian workforce.
- As part of this association, IBM aims to bridge the gap between military service and civilian employment, by providing veterans with exciting opportunities for professional growth and personal development. DGR and IBM will collaborate, on a continuous basis, to identify ex-servicemen with skillset and aptitude suitable for various open positions within the company.
- It is notable that during the past one year, from April 2022 to March 2023, 24,234 Ex-servicemen received gainful employment in various sectors. In order to maintain a youthful profile of the Armed Forces, approximately 60,000 service personnel are retired/released every year at comparatively young age.

L&T Technology Services & Thales Sign Joint Commitment for a Low-Carbon Future

- During the 2023 Paris Air Show, L&T Technology Services Limited a global leading pure-play engineering services company, signed a letter of intent with Thales, a global technology leader in the areas of defence and security, aeronautics and space, and digital identity and security, agreeing to work together to tackle climate change in their respective value chains.
- Thales is working with its strategic suppliers to achieve its CO2 emissions reduction targets for 2030, which have been validated by the SBTi and are compatible with the objectives of the Paris Agreement:
 - - a 50% reduction in absolute CO2 emissions related to its operational processes (Scope 1) and energy consumption (Scope 2)
 - - a 15% reduction in absolute CO2 emissions related to its supply chain and the use of its products by customers (Scope 3)
- Thales aims to achieve net zero operations-related CO2 emissions (Scopes 1 and 2) by 2040.

US Announces Additional \$500 Million Security Assistance Package For Ukraine

- US Department of Defence has announced an additional security assistance package, valued at up to USD 500 million, for Ukraine to meet its "critical security and defence needs.
- The security package includes crucial capabilities to aid Ukraine's counteroffensive operations in its ongoing conflict with Russia and to strengthen its air defences.
- It includes key capabilities to support Ukraine's counter-offensive operations, strengthen its air defences to help Ukraine protect its people, as well as

additional armoured vehicles, anti-armour systems, critical munitions, and other equipment

Tibetan Troops Recruited By Chinese Army

- The Tibetan troops recruited by the Chinese Army for helping them in high-altitude areas are now visible as part of the People's Liberation Army border defence patrols along the Line of Actual Control in Eastern Ladakh and Arunachal Pradesh.
- Soon after the aggression along the LAC in 2020, China started recruiting these soldiers to help them sustain in high-altitude areas as part of their long-term deployment plans there.
- The Chinese have faced issues with their regular mainland troops to sustain themselves in high altitude areas and also have seen how the Indian Special Frontier Force troops including many Tibetan troops performed during the capture of high peaks in the Kailash ranges by the Indian Army.

DRDO Organises ‘Anusandhaan Chintan Shivir’

- DRDO organised an ‘Anusandhaan Chintan Shivir’ in New Delhi on June 27, 2023, with the aim to encourage Defence R&D within the industry and academia. CDS General Anil Chauhan was the Chief Guest at the event.
- A list of 75 technology priority areas were released on the occasion. The list identified by the DRDO is further divided into 403 technological categories, which further spread out to 1,295 current & future technology development tasks.
- Unveiling the 75 technology priority areas will provide a major fillip to the defence manufacturing sector by encouraging the industry to indigenise and innovate on defence technologies in order to place India on the self-reliance trajectory; thereby, promoting military technology design & development in the country through engagement with industry and academia.
- The DRDO Technology Foresight 2023 listing all areas, categories and technology development activities was also unveiled. The document identifies the technology areas on which various laboratories of DRDO are currently working. It is available on www.drdo.gov.in. The list of activities identifies future technology areas that are required for development of defence systems and defence R&D for strengthening the security of the nation. The webpage will list major technology tasks envisaged in the near future for the defence R&D needs. Industry and academia is given the listing of various establishments of DRDO working in the respective areas, thereby establishing a seamless channel of understanding between various stakeholders.
