## 14 February 2025

### Black Day 2026

- February 14 marks Black Day in India, commemorating the 2019 Pulwama terror attack one of the deadliest strikes on Indian security forces. In 2026, the nation honours the sacrifice of 40 Central Reserve Police Force (CRPF) personnel through tributes, memorials, and messages of solidarity.
- A suicide bomber rammed an explosives-laden vehicle into a CRPF convoy in Pulwama district, Jammu and Kashmir, killing 40 personnel and injuring many others. The attack triggered nationwide mourning, diplomatic tensions, and military responses, straining India-Pakistan ties.
- "Black Day" signifies profound national tragedy. India observes it to honour the martyrs, support their families, and reflect on the collective loss. People hold moments of silence, candlelight vigils, and social media tributes, while schools and organisations host remembrance events.
- Seven years on, Black Day underscores national security, unity, and armed forces support. It fuels discussions on counter-terrorism and India's resilience against adversity.

## WHO Prequalifies New nOPV2 Vaccine

- World Health Organization (WHO) has prequalified an additional novel oral polio vaccine type 2 (nOPV2). The move strengthens global capacity to respond to outbreaks caused by circulating vaccine-derived poliovirus type 2 (cVDPV2).
- The novel oral polio vaccine type 2 (nOPV2) is designed to combat outbreaks caused by vaccine-derived poliovirus type 2, which can emerge in areas with low immunisation coverage.
- Key features:
  - Genetically more stable than older OPV vaccines
  - Lower risk of mutating into virulent strains
  - Retains ability to rapidly stop virus transmission
  - Shelf life of up to 24 months
  - Can be stored under standard vaccine temperatures
- India was certified polio-free in 2014. However, maintaining high immunisation coverage remains critical to prevent re-emergence.

## India's Top Wool Producing States in 2026

- India continues to remain a major player in the global wool industry, ranking second in sheep population and ninth in wool production worldwide. With 77.4

million sheep, the country's wool sector plays a crucial role in rural livelihoods, textiles, and carpet manufacturing.

- In FY24, India's total wool production stood at 33.69 million kg. Rajasthan emerged as the largest wool-producing state, contributing 16,013.50 thousand kg, which accounted for 47.53% of the national output.
- **In terms of Annual Growth Rate (AGR):**
  - Punjab recorded the highest growth at 22.04%
  - Tamil Nadu followed with 17.19%
  - Gujarat recorded 3.20%
- **India produces three main types of wool:**
  - Carpet Grade – 85%
  - Apparel Grade – 5%
  - Coarser Grade – 10%
- The wool sector supports around 1.2 million people in the organised sector, while nearly two million people are employed in related industries. Carpet weaving alone provides employment to about 0.3 million workers.
